

## Accelerate Diagnostics reports Q1 2018 financial results

May 9, 2018

TUCSON, Ariz., May 09, 2018 (GLOBE NEWSWIRE) -- Accelerate Diagnostics, Inc. today announced financial results for the quarter ending March 31, 2018. The company generated revenue of \$801,000, up 51% from the prior year, and reported signed agreements for 345 instruments. Contracts for customer evaluations total 256 instruments while revenue generating placements grew to 89 across the U.S. and European regions.

"The team made considerable commercial and development progress to start the year, increasing awareness and adoption of the Accelerate Pheno™ system, and expanding its capability beyond bloodstream infections and sepsis to include patients with severe bacterial pneumonia," said Lawrence Mehren, President and CEO. "By giving physicians the ability to optimize antibiotic therapy at least two days earlier, we continue to move closer to achieving our mission to dramatically improve outcomes for patients with these life-threatening infections."

The company highlighted 12 recent customer studies shared at ECCMID, the European Congress of Clinical Microbiology and Infectious Diseases. These studies, all related to the Accelerate Pheno™ system, were shared at the congress by hospitals in Italy, Germany, Sweden, and the United States.

The company also reported progress on development of its severe bacterial pneumonia kit including alignment with the U.S. Food and Drug Administration (FDA) on a shorter and less complex, 510(k) regulatory pathway, for the test, along with the addition of two new pathogens and three additional antibiotics. The expected start of the U.S. clinical trial remains in late Q2 to Q3.

Mr. Mehren, together with Steve Reichling, the company's Chief Financial Officer, will host a conference call to review the financial results, commercial progress, and development updates at 4:15 p.m. Eastern Time on May 9, 2018.

#### First quarter 2018 results

- Net sales of \$801,000 compared to \$530,000 in the first quarter of 2017
- · Gross margin realized was 39%, impacted by one-time charges reported for the quarter
- Selling, general, and administrative expenses of \$14.4 million, compared to \$10.5 million in the prior year period, driven by higher personnel and customer evaluation-related costs across the U.S. and Europe
- R&D expenses for the first quarter of \$6.8 million, compared to \$4.3 million in the same quarter of 2017 due to investments made in preparation for activities related to the U.S. clinical trial for respiratory
- Net loss of \$20.8 million, or \$0.37 per share on weighted average basic shares of 55.6 million shares outstanding, which includes \$5.6 million in non-cash stock-based compensation expense
- Net cash used in the quarter was \$16.2 million, ending the quarter with total cash, investments, and cash-equivalents from all
  activities of \$193.6 million

Full financial results for the quarter ending March 31, 2018 will be filed on Form 10-Q through the Securities and Exchange Commission's (SEC) website at http://www.sec.gov.

#### **Audio Webcast and Conference Call**

Listen to an audio webcast of the call by visiting the events section of the company's investor relations website at <u>ir.axdx.com</u>. A replay of the audio webcast will be available until August 9, 2018.

To participate in the conference call, dial +1.877.883.0383 and enter the conference ID: 8101976.

International participants may dial +1.412.902.6506. Please dial in 10-15 minutes prior to the start of the conference. A replay of the call will be available by telephone at +1.877.344.7529 (U.S.) or +1.412.317.0088 (international) using access code 10119275 until May 30, 2018.

### About Accelerate Diagnostics, Inc.

Accelerate Diagnostics, Inc. (Nasdaq:AXDX), is an *in vitro* diagnostics company dedicated to providing solutions for the global challenge of antibiotic resistance and healthcare-associated infections. The company recently obtained FDA marketing authorization for antimicrobial susceptibility testing direct from positive blood culture samples using its Accelerate Pheno™ system and Accelerate PhenoTest™ BC kit. The system and kit leverage proprietary molecular identification methods and morphokinetic cellular analysis (MCA) to provide minimum inhibitory concentrations for a range of applicable antibiotics. The fully-automated system is designed to eliminate the lengthy culture and sample preparation steps required prior to antimicrobial susceptibility testing. Recent market studies suggest the solution offers results 1-2 days faster than conventional methods, enabling clinicians to optimize antibiotic selection, dosage, and infusion strategy specific to the individual patient and their infection.

#### **Forward-Looking Statements**

Certain of the statements made in this press release are forward looking, such as those, among others, about our projections as to when certain key business milestones may be achieved, the potential of our products or technology, the growth of the market, our estimates as to the size of our market opportunity and potential pricing, our competitive position and estimates of time reduction to results, and our future development plans and growth strategy. Actual results or developments may differ materially from those projected or implied in these forward-looking statements. Information about the risks and uncertainties faced by Accelerate Diagnostics is contained in the section captioned "Risk Factors" in the company's most recent Annual Report on Form 10-K, filed with the Securities and

Exchange Commission on March 1, 2018, and in any other reports that we file with the Securities and Exchange Commission from time to time. The company's forward-looking statements could be affected by general industry and market conditions. Except as required by federal securities laws, the company undertakes no obligation to update or revise these forward-looking statements to reflect new events, uncertainties or other contingencies.
